

The **Department of Geography** of the **Faculty of Mathematics and Natural Sciences** at the **University of Bonn** invites applications for a tenured position as

## **Professor (W2) of Geography**

(Successor of Prof. Dr. Bernd Diekkrüger).

The position is to be filled as soon as possible and not later than April 1, 2021.

Candidates are required to have established an international standing as researchers in the field of hydrology, with a focus on process-oriented, quantitative and cross-scale methods and research approaches in the context of water balance issues.

Actively contributing to the development of the departmental research focus *water*, candidates are expected to also link with the departmental research groups in physical geography.

Able to instruct in German and English, candidates are to cover the full range of physical geography in teaching and to contribute to all Geography degree programs. The position demands excellent teaching skills and commitment as well as participation in academic management at all levels.

Close cooperation within the Department of Geography, the Earth Sciences Division, the University of Bonn's faculties and the Transdisciplinary Research Areas (e.g. Innovation and Technology for Sustainable Futures) is of special importance. Furthermore, we expect the new appointee to advance the development of the geoscientific research cooperation ABC/J (Aachen, Bonn, Cologne, Jülich) as well as to cooperate internationally.

Precondition for an appointment at W2 level is a post-doctoral qualification (or equivalent scholarly achievements). Applications are handled according to § 36 of the Higher Education Act of North Rhine-Westphalia (Hochschulgesetz NRW).

The University of Bonn is an equal opportunities employer in accordance with the State Equality Act (Landesgleichstellungsgesetz). Preference will be given to suitably qualified women and applicants with a certified severe disability, all other considerations being equal.

If you wish to apply, please submit your documents (curriculum vitae, outline of your professional career, previous teaching experience and research projects, and a list of publications along with your five most important publications) as well as a research and teaching concept by 03/25/2020 to: Fachgruppe Erdwissenschaften der Math.-Nat. Fakultät der Universität Bonn, Meckenheimer Allee 176, 53115 Bonn, Germany. Please also send a digital copy of all required documents (as one PDF file) to [erdwissenschaften@uni-bonn.de](mailto:erdwissenschaften@uni-bonn.de).

After submission, you will receive an email with a link to a supplementary application form.
